GENERAL REQUIREMENTS

- Permanent alterations to the site are prohibited. At the conclusion of the event, the property must be restored to pre-event status. This includes removal of all temporary structures and the removal of debris.
- The temporary use or structure will not violate any applicable conditions of approval that applies to a principal use on the site.
- Temporary structures must be located outside any rights-of-way, buffers or streetscapes.
- If the property is undeveloped, it contains sufficient land area to allow the temporary use or structure to occur, as well as any parking and traffic movement that may be associated with the temporary use, without disturbing protected resources, including required buffers.
- If the property is developed, the temporary use must be in an area that is not actively used by an existing approved principal use, and which would support the proposed temporary use without encroaching or disturbing existing buffers or required setbacks from buffers or streetscapes, open space, landscaping, traffic movements, pedestrian circulation or parking space availability.
- Tents and other temporary structures will be located so as to not interfere with the normal operations of any permanent use located on the property.
- Off-street parking is provided in accordance with the requirements set forth in the Land Development Ordinance.
- All permits and inspections required by applicable construction codes must be obtained and approved by the Town.
- Applications for temporary structures located in or near the one percent (1%) annual chance floodplain will be required to submit a plan to the Stormwater Management Engineer for the removal of such structure(s) in the event of a hurricane or flash flood notification. The plan must include the following information:
 - 1) Name, address, and phone number of the individual responsible for the removal of the temporary structures.
 - 2) Time frame prior to the weather event at which a structure will be removed;
 - 3) A copy of the contract or other suitable instrument with a trucking company to insure removal equipment when needed; and
 - 4) Documented designation of a location outside the floodplain to which the temporary structure will be moved.

TO ARRANGE FOR TOWN SERVICES

The applicant should contact Town departments directly to arrange for public safety personnel or Town property for the event. A list of departments and phone numbers are located at the bottom of this page. **Failure to make timely arrangements may cause denial of the permit** if the Town feels the public health or safety may be affected, or that inadequate steps have been taken to ensure no property damage will be done to Town property.
